**Microsoft**

# Microsoft Business Application Summit

July 22–24, 2018
Seattle, WA
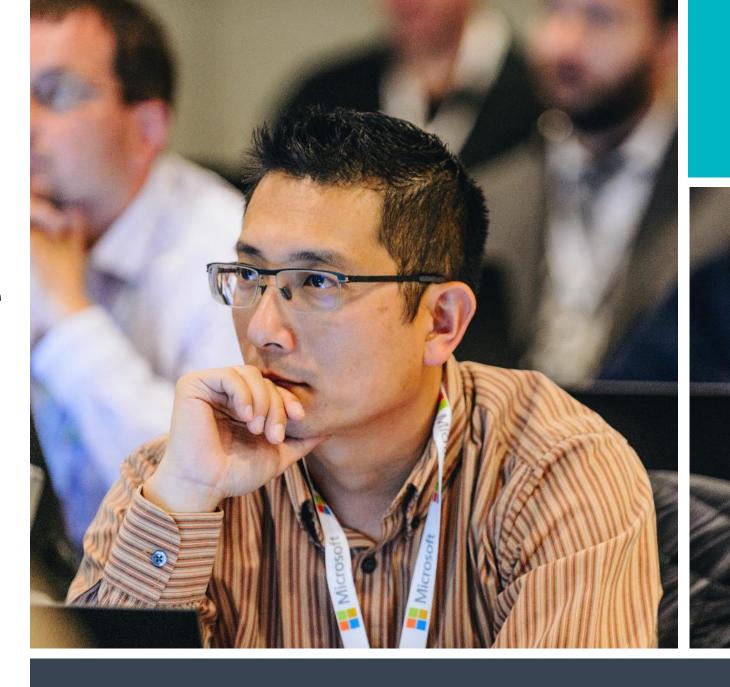

**Microsoft**

# From birth to value, an end to end Microsoft Azure Machine Learning walk-through

Euan Garden & Colleen Forbes
Microsoft AI Platform

euang@microsoft.com
cforbe@microsoft.com

# Agenda

- Define the problem
- Two Approaches
  - GUI centric constrained modelling and deployment
  - Code centric flexible modelling and deployment
- Prep the Data
- Experiment and Choose Model
- Deploy Model
- Consume

# 1. Define the Problem

# Demo Time

# Profit!

# Review

- Define the problem
- Two Approaches
  - GUI centric constrained modelling and deployment
  - Code centric flexible modelling and deployment
- Prep the Data
- Experiment and Choose Model
- Deploy Model
- Consume

# Conclusions

**Microsoft**

# Thank You
